

Select Natural :

Putting the accent on the beautiful colour of natural wood, this grade includes a variety of colours according to the kind of wood chosen. This grade shows off the natural colour range of the wood from the lightest colours (the sapwood) to the darkest colours (the heartwood). This colour range is not only permitted in this grade, it is desired. Sound and filled knots of 1/4 inch or less are accepted, but in a restricted amount. Small black spots, also called mineral marks, are also accepted in small quantities.

Character :

Putting the accent on the beautiful colour of natural wood, this grade includes a variety of colours according to the kind of wood chosen. This grade shows off the natural colour range of the wood from the lightest colours (the sapwood) to the darkest colours (the heartwood). This colour range is not only permitted in this grade, it is desired. Sound and filled knots are permitted without any limitation to diameter or quantity. Filled splits, checks and wormholes are accepted without limitation. Small black spots, also called mineral marks, are accepted without limits as to quantity or size.
